2023 Senior Art Student Scholarship Information and Application

Your Electronic Application Due May 1, 2023

The Cape Cod & Islands Art Educators Association is offering scholarships to current high school seniors who have participated in the visual arts at their respective high school. This is a cash award designated for expenses such as art supplies, books, or tuition for the recipient's first year in College/Art School and will be awarded to the recipient at the CCIAEA award ceremony on May 18, 2023. This year we anticipate enough funding to award four recipients \$1000 scholarships, made possible through grant funding from the Arts Foundation of Cape Cod.

Award Process and Criteria:

- Applications due May 1, 2023
- The application and all attachments will be reviewed by the CCIAEA Scholarship Committee and all decisions are final
- This award is primarily based upon the quality of the art presented and promise of successful completion of further study in the visual arts
- Applicants will be notified of our decision by email on May 9, 2023
- The scholarship reception and award ceremony will be May 18, 2023 at 4:30 pm at the Cape Cod Museum of Art in Dennis. The winners and their families are strongly encouraged to attend and two artwork examples will be on display for each recipient

Application Process:

- Complete this application form, including a one-page personal essay attached below. Include how and when you first became interested in the visual arts, how you have pursued that interest so far, and how you intend to pursue it further in education and life.
- Create a PowerPoint or Google Slide Presentation with five JPG images of artwork that you believe best represents you and your control of the medium. For each piece include: title, date completed, medium and dimensions in inches.
- One letter of recommendation from a faculty member from your high school art department is needed. Please send all to: cciaea2003@gmail.com
